Juan Callejas

Toronto based 3D artist, game programmer and developer with a diverse set of skills.

WORK EXPERIENCE

2020 - Present

3D ARTIST/DEVELOPER – *TTC LLC • Freelance/Contract*
+ Animated and rendered product reveal video.
+ Modelled/sculpted new product, using reference images.
+ Developed Unity/WebGL-based product preview/customizer tool.
+ Created 3D "puck" design based on company logo.
+ Maintained constant contact to ensure the model fit 3D printing/manufacturing guidelines.
+ Created 3D gear freebie design to replace previous design.
+ Altered and resized existing models to fit new measurement guidelines.
+ "Remastered" old models to fit new model style/specs.
+ Designed web-friendly assets for use in website revamp.
+ Created promo material for use at conventions/merch booths.

2020 - 2021

RESEARCH ASSISTANT – *York University / Professor Yifat Shaik • Freelance/Contract*
+ Performed research on development pipelines for Amazon Alexa/Google Home devices.
+ Created two demo "skills" (apps/programs) for Alexa devices using the Alexa Developer Console.

2017 - 2020

UNITY3D INSTRUCTOR – *The Cube School of Design and Technology • Seasonal*
+ Taught many different classes of 10-20 children between the ages of 8-10 to use Unity, 3D Slash, Photoshop, and more.
+ Provided one-on-one assistance to children as needed.
+ Maintained class focus by implementing creative educational models.

2018 - 2019

SMARTPHONE REPAIR TECHNICIAN – *DeviceCare (Sunnybrook Plaza) • Part Time*
+ As sole employee, responsible for all customer service including repairs and diagnostics.
+ Responsible for keeping current with the latest phone models and repair methods.
+ Responsible for store cleanup, maintenance and display re-stocking.

2017 - 2018

COMPUTER SCIENCE TUTOR – *Acadia University • Freelance/Contract*
+ Hired by The Acadia Tutoring Service.
+ Tutored first year students in programming.
+ Supported their learning in both theory and application.
+ As a result of my teaching, all my students successfully completed their courses.

2015 - 2017

DESIGNER AND WEB DEVELOPER – *Yaya Mosaics (Business Closed 2017) • Fee For Service*
+ Developed website using Squarespace
+ Configured custom email domain.
+ Designed logo and variants as well as all website assets.
+ Designed official business card.

2014 - 2017

REPAIR VOLUNTEER – *Repair Café Toronto • Volunteer*
+ Attended nearby sessions and brought my own tools.
+ Attempted repair on devices that were brought in with high success rate.
+ Assisted other volunteers when they could not find a solution to a problem.

2014 - 2015

3D DEVELOPER – *Monstercat • Freelance/Contract*
+ Developed a promotional side-scroller using Blender, Unity and C#.
+ Created an interactive augmented reality (AR) application using ARToolKit, DAQRI, Unity, and C#.
